

Decontamination & Disinfection Activities

DELIVERING EFFECTIVE SOLUTIONS
READY TO ASSIST

Addressing new needs for safety and cleanliness

To assist businesses, hospitals, schools, state and local government, and community organizations in navigating the effects of COVID-19, AECC and LeChase have joined together to provide practical, turnkey solutions to help prevent the spread of the virus as well as disinfect impacted areas.

Our extensive team of industrial hygienists, hazardous material specialists, construction professionals and support staff will take immediate action to minimize the threat to current and future occupants of your facility – enabling you to protect them and your business.

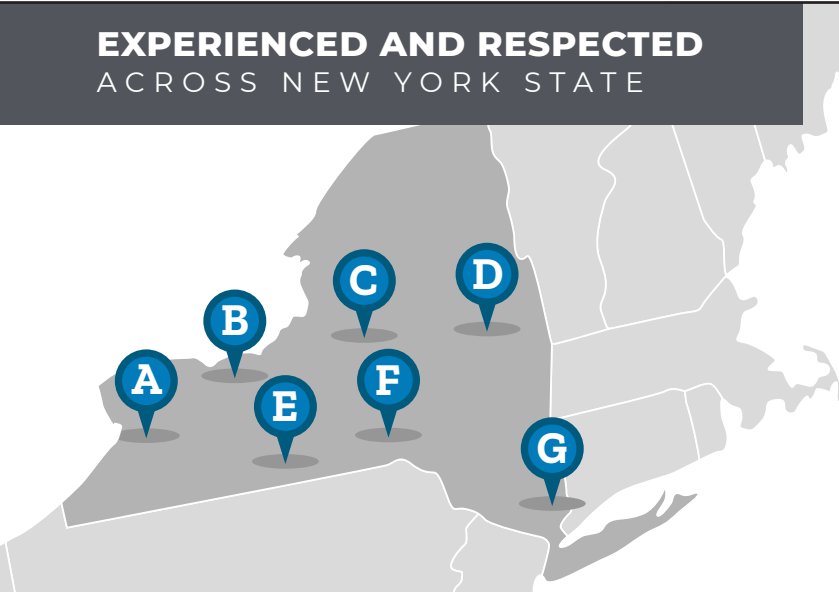

How we can help

We provide customers a safe and healthy work environment, using established decontamination practices and best available testing procedures. Services include, but are not limited to:

- **Decontamination planning** to address contaminated spaces or to mitigate high-risk areas.
- **Disinfection activities** performed by trained and qualified personnel.
- **Oversight** to ensure work strictly adheres to the decontamination plan.
- **Verification testing** to ensure the adequacy of cleaning activities.
- **Construction of emergency response facilities** or temporary enclosures.
- **Close-out documentation** after project-related work has been completed for recordkeeping purposes.

EXPERIENCED AND RESPECTED ACROSS NEW YORK STATE

Together, AECC and LeChase have decades of combined experience across New York State.

AECC has provided industrial hygiene and hazardous material consulting services for more than 11 years. Personnel are trained and experienced in addressing bloodborne pathogens, respiratory protection, waste handling & disposal, remediation plans and verification testing.

Established in 1944, LeChase ranks among the nation's top contractors – providing construction services in a wide range of industries and on projects of all sizes. With a team of more than 750 talented professionals, the firm has earned a reputation for safety, quality and integrity.
